**RLCS+ICE**

CODE	63743	PACKING	6 / 60 pair / Paar / para / пар
SIZES	11	COLOURS	W

**PRODUCT NAME:**

Protective gloves      Рукавици захисні  
 Schutzhandschuhe      Ochranné rukavice  
 Rękawice ochronne      Ochranné rukavice  
 Перчатки защитные      Védőkesztyű  
 Mānuši de protecție      Apsauginės pirštinių

The product should be of sufficient size, which should be fitted by trying on before starting work. Product size is given on the inside label or directly on the product or on the unitary packaging. The available size range is given in the SIZES box. Glove size tables defined on the basis of the length and circumference of the hand can be obtained at rawpol.com. In the case of gloves for which the letter size definition system is used, the individual sizes correspond to the digital system according to the scheme: XS-6, S-7, M-8, L-9, XL-10, XXL-11.

Cleaning, maintenance, and disinfection: The cleaning by the available cleaning agents (soft brushes, damp cloths or by shaking etc.) is recommended. Do not wash gloves and use any maintenance and disinfection agents, because it can cause the decreasing of their protective level. In order to increase the hygiene of work, gloves should be worn on clean hands. For hygiene reasons, gloves that are sweaty should be replaced with new ones.

Storage: The product should be stored at the appropriate temperature, in dry and well ventilated place. Too high humidity of air, too high or low temperature or intense light can adversely impact the product quality. Manufacturer accepts no liability for the quality of the product stored contrary to the instructions. This may result in a lowering of the gloves protection level.

Type of packaging: It is recommended to distribute (including transport) of this product in the cardboard or foil package. Loading, transport and unloading should take place in conditions protecting against getting wet, dirty and damaged.

Shelf life can be estimated on the basis of the product wear and tear. Considering various use intensities and environmental factors, such as sunlight, rain, etc., it is not possible to provide a precise span. The product retains its protective properties up to the moment of a damage which cannot be repaired without decreasing its protective level. Occurrence of mechanical damages means that the product should be repaired or immediately withdrawn from use. With proper warehousing the storage time of the product can be up to 6 years from the date of production for gloves which contain polyurethane up to 3 years). Storage will not significantly change the glove's characteristics during the period indicated above, if the storage conditions comply with the requirements of these instructions. Special storage conditions are not required.

Date of production is given on a collective packaging or on a product. It is shown along with the lot number, e.g., 290120251234; explanation: the third and fourth digit refer to the month of production, and the consecutive four digits represent the year of production. The other digits, together with the above mentioned, identify the lot number.

The access to the EU declaration of conformity can be accessed at support.rawpol.com

In case this instruction becomes invalid due to the changing law or other factors, new version should be downloaded. Valid instructions are available on the website rawpol.com or support.rawpol.com. This instruction is marked with the version number A.C1.G.17, where A.C1G indicates the item group identifier and 117 corresponds to the subsequent version number. If markings explained in the instructions are not the same as marked on the product or on the packaging, it means that you can have the instruction for use for another lot or an other good. It is essential to check whether you have the current / proper instruction for use for owned goods. In case the instruction is out of date or improper to the owned lot of goods, it must be strictly obtained the current / proper instruction for use and become familiar with its content. **Do not attempt to work without becoming familiar with the current / proper instruction for use!**

THIS INSTRUCTION CAN BE COPIED AS NEEDED TO ENABLE EACH USER OF THE PRODUCT TO MAKE ACQUAINTED WITH IT. If case of any doubts, contact a specialist for occupational health and safety at work, the manufacturer or the authorised representative of the manufacturer for clarification.

Legend of the sample labelling: [A] - commodity code, [B] - size, [C] - conformity mark, [D] - before use become familiar with the instruction manual, [E] - manufacturer's identification mark, [F] - Ukrainian conformity sign, [G] - conformity sign of the Customs Union, [H] - Great Britain conformity sign, [I] - level of ability, [J] - product line.

Explanation of the used symbols: CODE - commodity code, NUMBER - number of the article, SIZES - available range of sizes, COLOURS - available range of colors, PACKING - quantity of products in the smallest packaging/quantity in a cardboard box packaging, STANDARDS - standards, [E] - batch code, [C] - date of manufacture, [F] - (reis) - Manufacturer identification mark, [D] - product line, [I] - made - make with the instructions for use, [C] - online instruction, [E] - conformity mark, [F] - conformity sign of the Customs Union, [G] - Ukrainian conformity sign, [H] - Great Britain conformity sign

This manual is an integral part of the package, and at the same time its marking. In accordance with the Regulation (EU) 2016/425 of the European Parliament and of the Council article 17 paragraph 1, all the markings may not be placed on the product. The signs description in the instruction is binding information, also in the case if there were factors that led to that the signs on the product are unreadable. Any non-explained signs in this manual do not refer directly or indirectly to health and safety. The product and its packaging must be disposed in accordance with applicable local regulations. Information on the composition of the product and its packaging is available on rawpol.com.
